

Thank you for purchasing the **Cordion Pendant Lamp**. This page lists all the contents included in the box. Please take the time to identify the hardware as well as the individual components to this product. As you unpack and prepare for assembly, place the contents on a carpeted or padded area to protect them from damage.  
 Note: 2 people are required to safely install this product.

**1**

A. Fit **lamp shade** bracket onto the **socket** as shown.  
 B. Secure by fastening **socket ring** to threaded socket.  
 C. Install 1-60 watt max type **A bulb** into socket.

## components & hardware

1 - lamp shade with bracket

1 - socket (with cord)

1 - socket ring

2 - ceiling hooks

2 - cord hooks

2 - plastic anchors

1 - 60 watt max type A (standard) bulb  
**NOT INCLUDED**

**NOTE:**  
 If you are unsure about your ceiling/wall type or what mounting method you should use, consult a qualified professional or your local hardware store.

Missing hardware? Please call **800.606.6387** for replacements.

### tools required

hammer      power drill      phillips head screwdriver

**2**

A. Determine final location of lighting and mark position on ceiling as shown. Drill a hole in the wall stud. If the wall stud is not available, drill a hole in the ceiling that is slightly smaller in diameter than the anchor. Gently tap the **plastic anchor** until the flange of the anchor is flush with the wall.  
 B. Attach 1 **ceiling hook** per anchor. Turn hook clockwise to secure.  
 C. Attach 1 **cord hook** per ceiling hook as shown. Lace cords through cord hooks.  
 Assembly is now complete.

## cleaning & care

Do not use polish or cleaners on your lamp. Dust surfaces with a dry soft cloth.

### IMPORTANT SAFETY INSTRUCTIONS:

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to override this safety feature.
