

Thank you for purchasing the **Bauhaus Arc Floor Lamp**. This page lists all the contents included in the box. Please take the time to identify the hardware as well as the individual components to this product. As you unpack and prepare for assembly, place the contents on a carpeted or padded area to protect them from damage.

Note: 2 people are required to safely assemble this product.

1

A. Attach **arc tube** into **base tube** as shown. Pull cord tight from base tube. Turn base tube counter-clockwise to secure.

B. Attach **base** to tube assembly with 1 **flat washer**, 1 **lock washer**, 1 **spring washer** and 1 **hex nut** as shown. Secure nut with a **hex wrench**.

components & hardware

- 1 - lamp shade with bracket

2

A. Place **lamp shade** bracket onto the **socket** as shown.

B. Secure by fastening **socket ring** to threaded socket.

C. Install 1 -150 watt max type A bulb (not included) into socket. Assembly is now complete.

cleaning & care

Do not use polish or cleaners on your lamp. Dust surfaces with a dry soft cloth.

IMPORTANT SAFETY INSTRUCTIONS:

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to override this safety feature.
