

hardware

16 - hex nuts

16 - spring washers

16 - bolts

Missing hardware?

Please call **800.606.6387** for replacements.

tools required

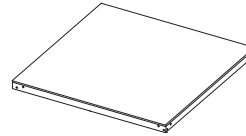

1 - screwdriver

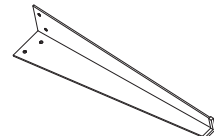

1 - hex wrench (included)

(We recommend the use of hand tools instead of power tools)

components

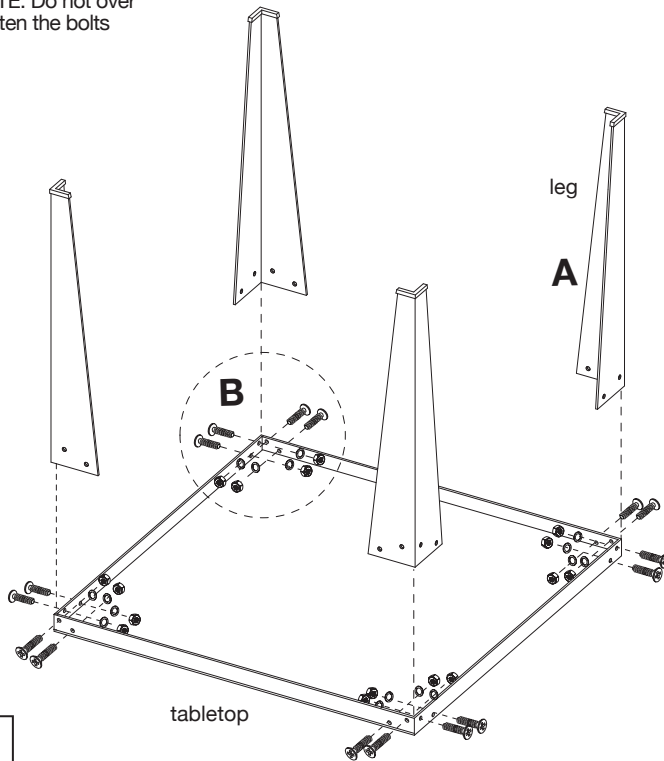

1 - tabletop

4 - legs

NOTE: Do not over tighten the bolts

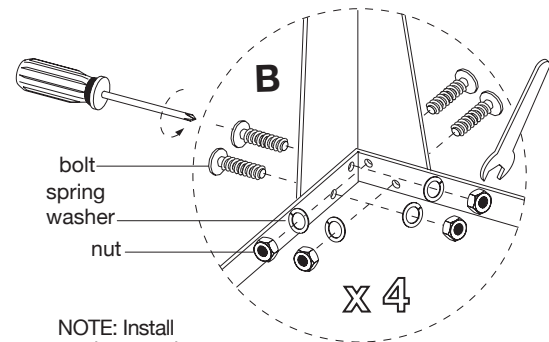

1

A) Carefully place **tabletop** face down on a clean, padded surface. Align corresponding holes of **legs** with holes of **tabletop** as shown.

B) Loosely secure each **leg** with 4 **bolts**, 4 **spring washers** and 4 **nuts**. At this point, fully tighten all bolts and nuts by turning **hex wrench** clockwise while holding bolts with the **screwdriver**. Do not over tighten bolts. Place table assembly upright.

Assembly is now complete.

NOTE: Install washers as shown

CLEANING AND CARE Dust with a soft dry cloth. Periodically tighten bolts as they may loosen over time. Please note that each table is unique and variances in finishes are inherent.
