for replacements.

tools required

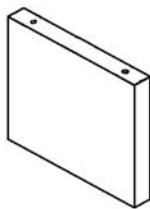

allen wrench (included)

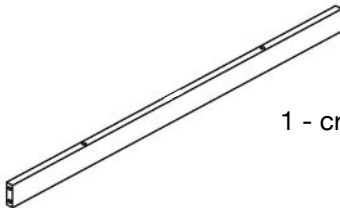

rubber mallet

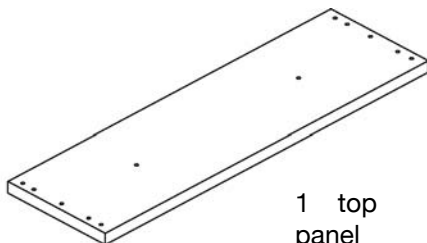

components

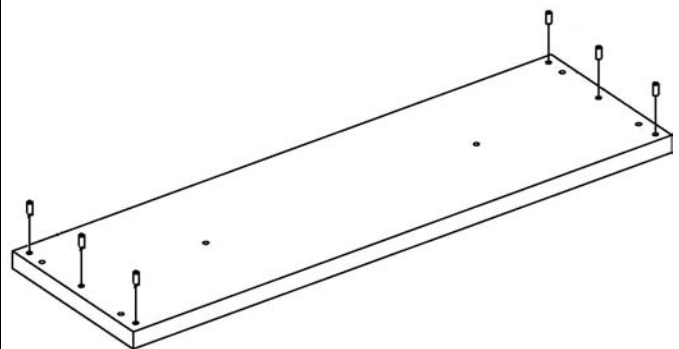

2 side panels

1 - crossbar

1 top panel

Carefully place **top panel** upside down on a protected surface so that the screw holes are facing upward. Insert and slightly tap **6 wood dowels** in the pre-drilled holes as illustrated.

1

large holes on crossbar should face upwards

Insert 4 **wood dowels** into pre-drilled holes on **crossbar**, and gently tap the **wood dowels** if necessary. Attach **side panels** and **crossbar** by aligning **wood dowels** and holes in **side panel**. **NOTE:** 2 **large holes** on **crossbar** should face upward.

2

With the assistance of another adult, align holes in **side panels** with corresponding **wood dowels** in **top panel**.

3

A long bolts

B short bolts

A. Secure side panels with 4 **long bolts**, 4 **spring washers** and 4 **large flat washers** as shown, using an **allen wrench**.

B. Secure crossbar with 2 **short bolts**, 2 **spring washers** and 2 **small flat washers**.

4

Paste the **pads** to the bottom of **side panel**. With the assistance of another adult, carefully turn the table/bench to its upright position. Assembly is now complete.

5

cleaning & care

Wipe up spots and spills immediately. Dust with soft dry cloth. Do not use abrasive cleaners. Do not use furniture wax or polish as the unit is finished with a protective clear lacquer.
